KEYNOTES & WORKSHOPS

Call for a free consultation: 703-424-3780

Positive Leadership	Ignite leaders' and their team's levels of positivity and productivity.
Coach-Approach Leader	Experience the power of inquiry-based techniques on problem solving and leadership effectiveness
Innovative Leadership	Discover the path from a creative idea to a monetized service.
Trusted Leader	Uncover the power of the "trust triangle" to learn the secrets to becoming a Trusted Leader.
Agile Leader	Explore the key agility concepts like balancing the 'power' dynamic at work, onboarding as a new leader and having the tough talks.

WORKSHOPS

Accidental Leader	Help new and emerging leaders understand basic survival leadership principles.
Strategic Thinking	Elevate thinking from tactical to strategic and take teams and organizations to the next level.
Getting Results	Uncover the keys to getting the results you want through applying the Trust Triangle and Motivated Sequence to real work related issues.
Sustaining Performance	Learn how to build and sustain desired performance by incorporating transparency, leadership communication styles and motivational research.
Tough Talks	Tackle the "tough talk" model, practice and apply to real-life conversations that need to happen today.
Communication Styles	Identify distinct communication styles to strengthen the team and drive success.
Powerful Persuasion	Discover the art and science of persuasion and influence to lead people towards your vision.
Personality Styles	Discover your style using the Myers-Briggs Type Indicator (MBTI) and the styles of those around you to be more effective in your personal and professional relationships
Dynamic Presentations	Develop valuable public speaking strategies, including both content and delivery skills to inspire audiences.
Team Writing	Learn how the team-writing process and varying writing personality styles can produce excellent proposals, reports and customer communications.
